

OLD LAND MARK DESTROYED

Fire on Monday destroyed a six room house on the farm of Mr. R. M. Coons. This house was built of old logs and had been built for many years. It was the old home of Peter Hon, who will be remembered by many of the older people as a preacher. He was a relative of the Coons' family. The house was occupied by a family named Jones and no one was at home at the time it was destroyed.

VISIT HARRODSBURG HOSPITAL.

Several ladies and gentlemen interested in the hospital movement motored to Harrodsburg Thursday to inspect the hospital in that city and to gain some information regarding how same was conducted, etc. Those who made the trip are loud in their praise of that excellent institution. It is thought that Versailles and Paris will be visited soon.

A meeting will be called shortly to further discuss this matter.

MRS. MARY E. ADAMS DEAD

Mrs. Mary E. Adams died at her home in this city Sunday morning after an illness of only a few weeks duration. Deceased was sixty-eight years of age and a member of the Christian church. Mrs. Adams has only been a resident of this city a few years, moving here from Georgetown, Ky., but by her sweet Christian character she soon won a place in the hearts of our people and the news of her death was received with sorrow.

In describing Christian and Hopeful coming to the gate of the Celestial City, John Bunyan wrote: "Now, I saw in my dream that these two went in at the gate, and lo! as they entered, they were transformed; and they had raiment put on, that shone like gold. Then I heard in my dream that all the bells in the city rang for joy, and it was said unto them, 'Enter ye into the joy of your Lord,' and after that they shut up the gates, which, when I had seen, I wished myself among them. They go from strength to strength, from joy to joy forever."

So this life has passed into the joy of her Lord, the memory of her life must prove a perpetual inspiration.

She is survived by one sister, Miss Mildred Voris with whom she made her home, and a niece, Mrs. Charles W. Kirkpatrick, of this city and relatives in adjoining counties. Funeral services were conducted Monday afternoon at 2 o'clock by Rev. Clyde Darsie assisted by Rev. B. W. Trimble. Burial in Machpelah cemetery.

MORE MONEY FOR COUNTY

County Attorney E. W. Seaff collected Monday from Menefee county the sum of \$800 on the old railroad bond debt due to Montgomery county, making \$6,728.38 he has collected to date. This old debt has been outstanding for more than twenty years and all sums collected are applied to the county's bonded indebtedness, which is now being rapidly wiped out. The balance due from Menefee county will be paid about Jan. 1, 1916.

TOBACCO NOW IN CASE

Farmers Have Large Force at Work Stripping Out Weed For First Sale.

The rains in the last few days have brought tobacco in case and farmers throughout this section are very busy stripping out the weed in order to get their crops to the market and unless the weather gets too cold quite a large amount will be ready for the market which opens here December 6th.

We again call the attention of the farmers of this section that the Mt. Sterling warehouses are as good as those found anywhere and that the gentlemen in charge of same are competent and we are confident that the prices obtained here will be as good as any market in the state. Bring your tobacco here and while in the city visit the stores, but first read the advertisements of the "live merchants" found in this paper in order that you may shop to the best advantage.

IDEAL HUNTING WEATHER

The hunting season opened Monday morning in Kentucky and for the next thirty days the fields will be filled with the lovers of the sport. Hunters are warned not to shoot at or kill the ring necked pheasants that were liberated last spring by the Fish and Game Commission. If protected for a few years they will multiply rapidly. The Commission will shortly liberate 10,000 Mexican quail and it is thought that several pair will be sent to this county. Hunters are cautioned not to forget their license as the Game Wardens have been instructed to be very diligent and careful in this matter.

Both machines were going slow and were quickly stopped or the drivers might have been injured. Each say the other is responsible for the accident.
